**Subject:** Comment - Proposition 1E Round 1 Stormwater Flood Management Grant  
**Date:** Thursday, September 29, 2011 12:19:21 PM

---

Craig,

The Georgetown Divide Resource Conservation District strongly **supports** the Proposition 1E Round 1 Stormwater Flood Management Grant draft funding recommendations.

The **Finnon Lake Restoration and Habitat Improvement Project** is engaged in the IRWM Planning process, and adheres to both the Guidelines and appropriate Proposal Solicitation Package (PSP) of the Proposition 1E Round 1 Stormwater Flood Management Grant program. The project has received documented support from the following entities:

Congressman Tom McClintock  
Assemblyman Ted Gains  
Senator Dave Cox (deceased)  
Sierra Nevada Conservancy  
El Dorado County Board of Supervisors  
El Dorado County Water Agency  
El Dorado Irrigation District  
Wildlife Conservation Board  
El Dorado County Fish & Game Commission  
Mosquito Volunteer Fire Association  
International Union of Operating Engineers – Job Corps  
Department of Conservation – Div. of Land Resource Protection  
CALFIRE  
USFS  
Department of Water Resources – Div. of Safety of Dams  
Department of Water Resources – Resources Assessment Branch  
El Dorado County Economic Development Department  
El Dorado County Chamber of Commerce  
Cosumnes, Bear, Yuba, American (CABY) IRWMP  
El Dorado County Resource Conservation District  
South Fork American River Watershed Group  
Sierra Economic Development Corporation (SEDCorp)  
Trout Unlimited (Sac-Sierra Chapter)  
High Sierra Resource Conservation & Development Council  
Natural Resources Conservation Service  
The community of Swansboro

The Georgetown Divide Resource Conservation District, on behalf of the Mosquito Volunteer Fire Association, has brought together the resources of various agencies and community organizations in a collaborative effort to ensure pre-planning, design, and implementation measures are comprehensive and cost effective. This collaborative approach to resource management is unique and ensures funding contributions from the Proposition 1E Round 1 Stormwater Flood Management Grant program are leveraged only to the extent to ensure successful project completion.

Thank you,

Mark Egbert  
District Manager  
CPESC #6350
